

Suzuki's V-Strom

MotoQuest Expands Street Bike Rental Options

Long Beach, Calif. - July 1, 2014 - In addition to its extensive selection of BMW GS adventure motorcycles, MotoQuest has added the latest street bikes from BMW, Suzuki and Indian Motorcycles to its rental fleet, giving customers who plan to stick to pavement even more options to choose from. This is a great opportunity for riders who are planning a weekend getaway to try one of BMW's latest touring bikes, or potential buyers to take a new 2014 Indian for an extended test ride.

BMW has updated their R 1200 RT sport-touring bikes with a revised power plant that includes water cooling for the first time. The 1,170cc horizontally-opposed engine produces 125hp and plenty of torque to tackle any road. The bike also features the latest implementations of BMW's electronic rider aids like traction control, multiple rider modes, electronic shifting and heated grips.

For longer journeys, BMW's K 1600 GTL is unrivaled with its smooth, powerful and compact inline six, full compliment of rider aids and features, comfortable riding position and ample luggage space. For riders with an extended itinerary in mind, the GTL is the perfect mount for comfortable and exciting riding.

Suzuki's V-Strom 650 is an extremely versatile sport/enduro tourer. The bike features a powerful V-twin, comfortable ergonomics, sharp handling and modern safety features like ABS. This middleweight touring machine offers excellent performance in a lightweight and easy to handle package.

The revival of the Indian Motorcycles nameplate has been sending ripples throughout the motorcycle industry with their
