Orange, Calif. – September 14, 2012 – Dubya Canada has begun stocking its high performance Talon/Excel and Talon/D.I.D wheelsets in its Edmonton warehouse in an effort to better serve its Canadian customers. These wheelsets are identical to the ones pro riders around the world depend on when championships are on the line.

Since its beginnings in 2011, Dubya has rapidly grown to become one of the leading suppliers of high performance wheel and brake components in motocross, supercross, freestyle, supermoto and desert racing. Dubya is the current wheel supplier to Red Bull/KTM Canada and Rockstar Yamaha Canada, as well as a long list of American teams. The quality and performance of Dubya's wheelsets has helped them compete at the top levels of the sport.

All of Dubya's wheelsets are hand-laced by experienced wheel builders to ensure perfect fit and finish, using only genuine Talon, Kite, D.I.D or Excel components. To see a complete listing of Dubya's products, visit their website at www.dubya.ca, or visit the itunes app store to download the Dubya catalog app at <http://itunes.apple.com/us/app/dubya/id501993969?mt=8>.
